

Take advantage of Finhaven™ Private Markets' technology

Simple, Secure, & Efficient

The Finhaven™ Investment Platform, built on a blockchain, is customized to meet the needs of real estate funds, mortgage investment corporations, and real estate developers.

The Finhaven™ Investment Platform provides you with a 100% digital investment experience.

At Finhaven™ Private Markets, you will:

Get Funded

Connect your company to a pool of prescreened, pre-approved accredited investors, giving you access to a sustainable community of investors for the long term.

Reduce Costs

Our investor onboarding compliance solution will reduce your operations/compliance costs, coupled with a competitive fee structure for the real estate industry.

Reduce the Burden of Redemptions

Accredited investors will have the ability to trade private digital securities in real time in our secondary markets - shares that otherwise might only be redeemed.

Increase Efficiency

Simplify your work by dealing with less intermediaries as the platform is an integrated solution provider for your fund administration (technology and markets are combined).

Improve Investor Relations

Ability to update investors on news pertaining to company affairs directly on our platform.
